

SEEKING INTERESTED FAMILIES

The National Kidney Foundation of Michigan, in collaboration with the United Way for Southeastern Michigan, is seeking families in Wayne County with children ages 0-5 to participate in a study. The study will help us understand how we can better serve families with young children. Families who complete the study will receive \$75 for their participation.

WHAT'S INVOLVED?

- Meet with a Family Support Coordinator to complete assessments about your child's development, your parenting skills, and the overall well-being of the family.
- Receive personalized feedback on your family's strengths and areas for growth.
- Learn about resources available to your family to help you meet your goals.
- Each time a set of assessments is completed you will receive \$25 (initial meeting, 6 months, and 12 months).

HOW TO GET INVOLVED:
